

Tree Planting Services Can Save You Money

Save up to 75% or more on the cost of tree planting services

As a landowner you may be eligible to participate in a tree planting service delivered by the Grenville Land Stewardship Council.*

Experienced staff will assist qualified landowners in restoring and improving their property and community by supplying and planting trees.

Landowners must have a minimum of 5 acres of cleared productive land, commit to a 15-year forest management agreement, and make a minimum contribution to tree planting costs.

Find out if you qualify by contacting:

Grenville Land Stewardship Council
